Şekil 15-2 • Geçiş dönemi bakım ünitesi iş akış planı. (Christopher'ın izniyle Meshberger, MD.)

GDBÜ'deki süre hastadan hastaya farklılık gösterir. GDBÜ'de diyalize başlandıktan sonra birçok hasta bir ev diyaliz modalitesi tercih etmesi beklenir, bu nedenle ev diyalizi eğitimi GDBÜ'nün temel taşlarından biridir. Verilen eğitim psikoloji, yaşam tarzı, beslenme, ekonomi, damar yolu ve diyaliz modalitesi konularını kapsamaktadır.
