# Doğum aktivizmi yoluyla doğum hizmetlerinde iyileştirmeler

*Daniela Drandic, Milli Hill and Duncan Fisher*

*Çeviren: Fatma Deniz Sayiner*

### Giriş

Ebeveynler, doğum bakımında en büyük ve en motive paydaşlardır. Grup olarak, doğum bakımında yerel, ulusal ve uluslararası değişiklikleri etkilemek için muazzam bir güç sahiptirler ve Avrupa'da, doğum hizmetlerinde iyileştirmeleri savunan ebeveynlerin uzun bir geçmişi vardır. Internetin ve özellikle sosyal medyanın gelişimi, ebeveynlerin sesini yükselmiş ve doğum bakımıyla alakalı sorunlar hakkında genel farkındalık artırılmıştır.

Bu bölümde günümüz ebeveynlerin savunuma gruplarının çalışmaları tartışılmaktadır. Bu tür gruplar içinde çalışmış ve / veya bu tür gruplar kurmuş olanların kısa kişisel hesaplarını içerir. Esas olarak Avrupa bölgesine odaklanmıştır; Dilsel çeşitliliğe rağmen, bu bölgedeki ülkeler, daha doğru karşılaşmalara izin veren ortak doğum bakımı ve yasal çerçeveleri paylaşır.<sup>1</sup> Ancak, gündeme getirilen konuların çoğu Avrupa dışındaki ülkelere de uygulanabilir ve kişisel hesaplardan biri, küresel erişime sahip bir aile savunma grubuyla ilgilidir. Bölüm, dünyanın dört bir yanından doğum taraftarlarının deneyimlerine dayalı olarak, bu alanda eylem için bir dizi içgörü ile sona ermektedir.

### Ebeveynlerin savunmanın kısa bir tarihi

Doğum bakımındaki değişiklikleri savunan ilk modern ebeveyn grupları, 1950'ler ve 1960'larda Birleşik Krallıkta, o ülkedeki doğumların çoğunuğunun halihazırda hastanede gerçekleştiği bir zamanda kuruldu.<sup>2</sup> Gruplar, o zamanlar, şimdi olduğu gibi, ebeveynlere eğitim sağlamayı (1956'da kurulan Ulusal Doğum Vakfı örneğinde)<sup>3</sup> ve Doğum Hizmetlerinde İyileştirme Derneği örneğinde olduğu gibi, hizmetlerde iyileştirme ve değişiklikleri savunmayı içeren yaklaşımlar benimsedi. (1960 yılında
